

City of Minneapolis – NSP3 Expanded Target Area

The City of Minneapolis has requested an expansion of their existing target area that includes the original second tier. The second tier expands the existing target area in pink to the orange outline area (which comprises the Minneapolis neighborhood of Hawthorne). The estimated properties needed for impact increases from 8 to 13. For reference, according to the City of Minneapolis, 39 number of foreclosures occurred in the neighborhood during 2011.
